December 14, 2011

Dear Patient:

On behalf of the physicians and staff at Stahl Eyecare Experts, we are writing to welcome you as a new patient to our practice. We are a full service ophthalmology practice that provides all eye-care related services including routine eye examinations, glasses, contact lenses, laser treatments, refractive surgery and meticulous microsurgery. Furthermore, we participate with Medicare and most major insurance plans, and have three conveniently located offices in Garden City, Hauppauge and Manhattan.

To facilitate your initial examination at Stahl Eyecare Experts, we are enclosing a questionnaire, which we ask that you complete and bring with you to your appointment. **In addition, if you require a referral from your insurance company, kindly brings this with you. Please be aware that if you do require a referral due to your insurance, and you do not bring one with you, full payment will be expected on the day of examination.** If you wear glasses or contact lenses, please bring your most recent prescription with you if it is available.

We look forward to becoming your eyecare professionals and take great pride in this responsibility. We welcome your comments, and we ask you to contact us if there is anything we can do to help you either before or after your appointment.

Sincerely,

Dr. Hufnagel, Dr. Werner & Dr. Chang
